SUMMARY

Aspiring Web Developer proficient in the MERN stack, Bootstrap, Tailwind CSS, HTML, and JavaScript. Passionate about crafting dynamic and user-friendly web applications. Strong foundation in full-stack development, demonstrated through diverse academic and personal projects. Enthusiastic about leveraging modern web technologies to deliver innovative and scalable solutions.

PROJECTS

AI-Room-Designer

Personal project • github.com/Pratham22R/Ai-Interior-design • February 2025 -February 2025

- Built a Next.js-based web app enabling users to redesign room layouts with AI-powered suggestions using the Gemini 2.0 model.
- Integrated ShadCN UI for a sleek and adaptive interface, along with Clerk for secure user authentication.
- Utilized Drizzle ORM and Neon for efficient database management, ensuring seamless data handling and performance.
- Implemented real-time design previews and a download feature for users convenience.
- Introduced a credit-based system with a payment gateway, allowing users to purchase credits for extended access.

Weather Forecast Webpage

Personal Project • github.com/Pratham22R/Weather_forecat • January 2025 - January 2025

- Built a React-based weather app using OpenWeatherMap API for real-time weather updates.
- Integrated MUI and other React UI components for a clean, responsive, and modern interface.
- Implemented features like city-based search, temperature details, humidity, and weather conditions.
- Optimized API calls for efficient data fetching and improved user experience.
- Ensured mobile responsiveness and cross-browser compatibility with React best practices.

Wanderlust(Property Listing Web App)

Personal Project • wanderlust-webs-84qr.onrender.com/listings • December 2024 - January 2025

- Developed a web app for listing and managing travel accommodations with a responsive UI.
- Implemented secure user authentication using Passport.js and integrated Mapbox API for location-based services.
- Designed and managed RESTful APIs with Node.js, Express.js, and MongoDB for seamless data handling.
- Integrated Cloudinary for efficient image storage and optimized media delivery.
- Ensured cross-device compatibility with EJS templating and conducted thorough testing for stability.

EDUCATION

Bachelors in Technology in Computer Science and Engineering

Noida Institute Of Engineering And Technology • Greater Noida • 2026 • 8.06 CGPA

Intermediate

Ryan International School • Greater Noida • 2021 • 82.2%

SKILLS

Front-End => HTML || CSS || Bootstrap || Tailwind CSS || Java Script || React(Basic)

Back-End => NodeJs || ExpressJs || MongoDB

Core Language => Java || Python(Basic)
