

PRATHAM RAGHUVANSHI

Aspiring Web Developer

📞 7678490339 @ pratham2262003@gmail.com 📁 Portfolio
📍 Greater Noida, Uttar Pradesh, India

SUMMARY

I am an aspiring Web Developer with proficiency in Salesforce development, MongoDB, Java, Apex, and JavaScript. Passionate about building dynamic, user-friendly web applications, I bring a solid foundation in full-stack development, showcased through various academic and personal projects. I'm driven to leverage modern web technologies to create innovative, scalable solutions.

SKILLS

Salesforce	JavaScript	Java	REST	MongoDB	Python	React	HTML	Apex	GitHub	Tailwind
Node.js	CSS	Bootstrap								

PROJECTS

Salesforce Implementation

📅 03/2025 - Present

Recruitment Portal Implementation

- Implemented multiple custom objects to manage Candidate, Skill, Recruiter, Interviewer, Position, and Interview data for streamlined recruitment process management.
- Generated a test link to share with candidates and captured their responses in the Interview object for evaluation and tracking.
- Redirected/shared records with the Interviewer to enable result submission based on the candidate's written responses.
- Shared the results with the candidate based on the evaluation outcome for further action.

AI-Room-Designer

📅 02/2025 - 02/2025

Personal project developing a web app for room design utilizing AI suggestions

- Developed a Next.js web application that allows users to redesign room layouts, incorporating AI-powered suggestions using the Gemini 2.0 model.
- Integrated ShadCN UI for a sleek and adaptive interface, along with Clerk for secure user authentication
- Utilized Drizzle ORM and Neon for efficient database management, ensuring seamless data handling and performance
- Implemented real-time design previews and a download feature for users convenience
- Introduced a credit-based system with a payment gateway, allowing users to purchase credits for extended access

Wanderlust(Property Listing Web App)

📅 12/2024 - 01/2025

Personal project for listing travel properties

- Developed a web app for listing and managing travel accommodations with a responsive UI
- Implemented secure user authentication using Passport.js and integrated Mapbox API for location-based services
- Designed and managed RESTful APIs with Node.js, Express.js, and MongoDB for seamless data handling
- Integrated Cloudinary for efficient image storage and optimized media delivery
- Utilized EJS templating to achieve cross-device compatibility and conducted extensive testing to maintain application stability.

EDUCATION

08/2022 - 06/2026

Greater Noida

Bachelors in Technology in Computer Science and Engineering
Noida Institute Of Engineering And Technology (80.07%)

04/2019 - 04/2021

Greater Noida

Intermediate
Ryan International School (82.2%)
